Jesse ran 0.8 mile on Monday and 0.4 mile on Wednesday. He marked these numbers on the number line.

Distance Run (in miles)

Which math sentence correctly compares the distances Jesse ran?

A. 0.4 mile > 0.8 mile
Uses opposite (the inverse) of the correct comparison symbol or words

B. 0.4 mile < 0.8 mile
Correct Answer

C. 0.8 mile = 0.4 mile
Uses inappropriate comparison symbol (not correct, not the inverse)

D. 1.2 miles < 0.4 mile
Uses numbers from the problem and performs a random operation on them
